Question number 2 updated.

Per the solicitation it states that the Proposal requirement is Past Performance. Can the sub-contractor past performance be utilized in lieu of that of the GC due to the specific & limited requirement request?

Yes, subcontractor past performance may be utilized.

Relevant definition in the instructions to offerors has been updated to read as follows:

Relevant – includes performance of efforts in a project to replace and install of gas fired boilers and all accessories in an active medical facility that are similar or greater in scope, magnitude, and complexity than the effort described in this solicitation. This may include work done by sub-contractors for gas fired boilers.

The prime contractor is required to fill out the Calculation Worksheet for Self-Performed and subcontracted work.
